

1 MHz-27 GHz

INCREDIBLE PERFORMANCE
IN A LIGHTWEIGHT PACKAGE

Essential Field Kit

Deploying to the field just became considerably easier. The TS-9400 kit features the two best-selling antennas TS offers — the omnidirectional Baton Antenna and the directional Log Periodic Antenna.

Together, these two antennas provide operators with a flexible toolset for a variety of applications.

Four whip antennas provide additional coverage for low-frequency detection.

PART NUMBER	DESCRIPTION	QTY	SPECIFICATIONS
ANTENNAS AND SENSORS			
TS-2021-II	Baton Gen II	1	20 MHz-21 GHz
TS-6027	Log Periodic Antenna	1	400 MHz-27 GHz
TS-9210	Whip Antenna, 60" Type N, Straight	1	1 MHz-1 GHz
TS-9211	Whip Antenna, 60" Type N, Right Angle	1	1 MHz-1 GHz
TS-9212	Whip Antenna, 50" BNC	1	1 MHz-1 GHz
TS-9213	Whip Antenna, 50" SMA	1	1 MHz-1 GHz
CABLES AND ACCESSORIES			
TS-9400 Case	Custom Kit Case, Pelican Storm	1	
MCA-NM-NM-8	Microwave Cable, N(M) to N(M)	1	8 ft
MCA-SM-SM-4	Microwave Cable, SMA(M) to SMA(M)	1	4 ft
MCA-SM-SM-8	Microwave Cable, SMA(M) to SMA(M)	1	8 ft
TRI-11	Tripod: 4 Section Carbon Fiber Tripod without Head	1	
BH-13	Tripod Compact Ball Head	1
